

9th May 2018

Hello

The months are moving quickly and it will soon be time for me to start working with the young people in your communities. My husband and I both feel that we have been called to the area, not just because of the Schools Worker Job but because of the whole community. We are waiting in excited anticipation for God to reveal what he is going to do and believe that there will be some sort of change happening over the next few years.

Four years ago, I was a full-time lecturer in Beauty Therapy when God called me to look into full time ministry. After lots of prayer and words from others I decided that it was time for me to leave my job, sell my house and start a degree in Applied Theology. Over the last four years I have been placed in a church in Exeter as part of the practical element of the degree. During this time, I have been working with local schools as well as church run youth and children's groups. This opportunity has enabled me to enhance my practical skills and develop my leadership abilities. God has also been teaching me to trust him in every area of my life and I have been greatly blessed since giving up my job and home.

I am excited to be joining you in September and look forward to getting to know each one of you. Please pray for strength and energy as I finish the last parts of my degree, for a home for us and a job for my husband. Please also pray for my church in Exeter as they seek God for someone to replace me and continue to move the work forward.

Kind Regards

Jane and Matt Webber
